

PROFESSIONAL SUMMARY

Frontend Developer with **4 years of experience in React**. Proven expertise in building scalable, user-centric applications from scratch using the React ecosystem. Demonstrated leadership in guiding React development teams and mentoring junior developers. Skilled in **remote** collaboration and committed to delivering high-quality software.

EXPERIENCE

2022

Kandui (Remote) | August 2022 – September 2023

React Team Leader

- Led a team of React developers and UX/UI design to build investment-focused fintech applications using **React** and **Next.js**.
- Implemented state management with **Redux** and **React Context API**, optimizing application performance and scalability.
- Architected and developed a responsive UI for a real-time investment platform.
- Collaborated with cross-functional teams to integrate **RESTful APIs**.
- Mentored junior developers on **React** best practices, code optimization, and component reusability.

2020

RG Corp (Remote) | January 2020 – July 2022

React Developer

- Developed user-friendly KYC forms and customer enrollment interfaces using React, streamlining the onboarding process by **180%**.
- Built the frontend system from scratch with a scalable architecture using **React**, **Redux**, and **TypeScript**.
- Refactored legacy **React** components using **hooks**, improving usability and reducing code complexity.
